The short version. Seemab scored 32.5 out of 38 (85.5%, A) on her second Islamiyat paper. The MCQs jumped from 17/30 on exam-02 to **9/10**, and the single lost mark is question 5, which she left blank rather than got wrong. All four re-tests of her exam-02 mistakes were correct. Section B was perfect at 12/12. Both long answers have the right structure, with her own Urdu headings, but each heading carries only one thin sentence, and an 8-mark note needs the book's detail: the ayah, the dates, the names and the numbers.

SECTION A: Multiple Choice (9 / 10)

Q	Topic	Hers	Key	Source and note
1	الاسماء الحسنی: meaning of الصبور	C	C	Bab 1, p.11
2	The main purpose of fasting (taqwa)	A	A	Bab 2, p.32
3	The greatest pillar of Hajj (wuqoof-e-Arafah)	D	D	Bab 2, p.39. School mix-up with tawaf-e-ziyarat now fixed
4	The tribe Banu Bakr attacked (Banu Khuza'ah)	B	B	Bab 3, p.41. Re-test of an exam-02 miss: correct
5	Left blank: who called out at Hunain (Hazrat Abbas)	—	A	Bab 3, p.45. Nothing written; no shift, no crossing out
6	The pact valued above red camels (Hilf-ul-Fuzool)	C	C	Bab 3, p.61. School mix-up with Sulh-e-Hudaibiya now fixed
7	Wishing a blessing taken away (hasad, not rashk)	B	B	Bab 4, p.86. Re-test of an exam-02 miss: correct
8	Hazrat Shifa: literate and a well-known physician	D	D	Bab 6, p.135. Re-test of an exam-02 miss: correct
9	Compiler of Sahifa Sadiqa (Abdullah bin Amr)	A	A	Bab 6, p.122
10	Taught with self-reliance (tawakkul on Allah)	B	B	Bab 7, p.152

Checks run before accepting the loss on Q5: no off-by-one shift, no right-to-left reversal (A/D, B/C), no Urdu letter confusion (she writes Latin letters), no crossed-out first answer, and no stray "5." answer anywhere on the three pages. She wrote "5." and left it empty, then carried on at "6. C".

SECTION B: Short Questions (12 / 12)

Q.2 (i) Two differences between zakat and ushr: 4 / 4

زکوٰۃ مال اور دولت پر ہوتی ہے جبکہ عشر کی پیداوار پر ادا کیا جاتا ہے۔
زکوٰۃ عام طور پر سال گزرنے کے بعد مخصوص شرح سے ادا کی جاتی ہے جبکہ عشر فصل کی پیداوار حاصل ہونے پر ادا کیا جاتا ہے۔

Both differences give both sides, which is what the scheme asks. In the first she wrote «عشر کی پیداوار» where the book has «زمینی پیداوار», a one-word slip that her second sentence («فصل کی پیداوار») clears up. No deduction.

Q.2 (ii) How the Prophet ﷺ treated the delegations (Aam-ul-Wufood): 4 / 4

نبی کریم ﷺ مہمانوں کا خود استقبال فرماتے تھے۔
آپ ﷺ انہیں عزت و احترام دیتے تھے۔
مہمانوں کے لیے کھانے اور رہائش کا انتظام فرماتے تھے۔
آپ ان سے نرمی اور محبت سے گفتگو فرماتے تھے۔

Four separate acts of hospitality, all in the book (p.47 to 49). Point 2 is the thinnest, close to restating the question, and a stricter examiner could question it. Point 3 (قیام و طعام) is the strongest.

Q.2 (iii) Introduction to Imam Zain-ul-Abideen: 4 / 4

حضرت امام زین العابدین حضرت امام حسین کے فرزند اور حضرت علی کے پوتے تھے۔ آپ کا اصل نام علی بن حسین تھا۔ آپ عبادت، تقویٰ، صبر اور سخاوت میں مشہور تھے۔ آپ کو زین العابدین یعنی عبادت کرنے والوں کی زینت کہا جاتا ہے۔ اس نے اپنی زندگی اسلام کی تعلیمات اور عبادت میں گزاری۔

The question asked for any four points and she has four: lineage, real name, fame for worship and piety, and the meaning of the title. Dates (38 AH, 95 AH) and Karbala are absent but were not required.

SECTION C: Long Questions (11.5 / 16)

Q.3 A comprehensive note on fasting: 5.5 / 8

Her own headings: تعریف، فرضیت، مقصد، فوائد، عبادت.

Earned: the shari definition with the maghrib boundary and abstaining from what breaks the fast (1); fasting as fard on every sane adult Muslim in Ramadan (1 of 1.5);

the purpose stated as تقویٰ، صبر، برداشت اور اللہ تعالیٰ کی اطاعت which is exactly what the

scheme protects (1.5); Ramadan worship as تلاوت قرآن، دعا اور صدقہ و خیرات (0.5 of 1); two benefits, health and feeling the hunger of the poor (1.5 of 2).

Lost: Surah Al-Baqarah 183 is not quoted at all, and the scheme wants the ayah with its translation. There is no sehri and iftar section (1 mark). The worship point misses Lailat-ul-Qadr, Taraweeh and I'tikaf. A third benefit (for example the discipline of fixed times) would have taken the benefits to full marks.

Q.4 A detailed note on the Conquest of Makkah: 6 / 8

Her headings: **اہمیت**, عام معافی, تطہیر, خانہ کعبہ کی تظہیر, مکہ میں داخلہ, پس منظر, مکہ میں داخلہ. She labelled it Q.3(ii) instead of Q.4, a labelling slip only.

Earned: 8 AH and the Quraish breaking Sulh-e-Hudaibiya as the cause (1.5 of 2); entry with about ten thousand companions, and she adds that it happened without fighting (1.25 of 1.5, and the half mark for the peaceful entry is a judgement call in her favour: the blind re-mark could not read that line, I read it at 400 DPI); the general amnesty

with (1) **رحمت اور عفو و درگزر کی عظیم مثال** (1); clearing the Kaaba of idols and the azan by Hazrat Bilal (0.75 of 1); Islam spreading across Arabia afterwards (1).

Lost: Banu Bakr attacking Banu Khuza'ah is not named (she got that same fact right in MCQ 4), the three conditions sent to Quraish are missing, and so are 10 Ramadan, the three commanders (Khalid bin Walid, Zubair, Abu Ubaidah), the 360 idols and the key handed back to Usman bin Talha. The **امان** announcement is not covered as its own point.

Summary of lost marks

Where marks went	Marks	Kind
MCQ 5	1	Left blank. Not a knowledge loss: she skipped it and never came back
روزہ Q.3	2.5	No Surah Al-Baqarah 183, no sehri and iftar section, only two benefits, and the Ramadan worship point missing Lailat-ul-Qadr, Taraweeh and I'tikaf
فتح مکہ Q.4	2	No Banu Khuza'ah by name and no three conditions, no 10 Ramadan or the three commanders, and the امان announcement not covered

Marking method

Marked from the 3-page CamScanner scan at 110 DPI, with the MCQ list and three faint lines re-read at 250 to 400 DPI. A separate background agent re-marked the whole paper blind, without seeing the first pass, and reached 32/38. The only difference was Q.4: it could not read the line about entering without fighting and gave nothing for it; at 400 DPI that line is legible, so half a mark was credited and the final mark is 32.5/38.
