

ISLAMIAT EXAM-04 : DETAILED MARKING REPORT

Bab 3 (ب): غزوہ حنین (11 marks) + Revision: انداز تربیت کے ساتھ حسن سلوک (ب) 3 Bab
Seemab · Class 9 · Attempt Date: 2026-09-26 · Paper: 38 marks, 1h45m, no optional questions

Final Score: 21 / 38 · 55.3% · Grade D

Marking notes. Six pages, all three sections present, sequence continuous (p1 Q.2(i) to (iii), p2 rest of Q.2(iii) and the start of Q.3, p3 rest of Q.3 and the start of Q.4, p4 and p5 Q.4, p6 the MCQ list). Nothing missing. **Every MCQ was answered and none left blank**, which is the one instruction from this paper that landed cleanly. Two markers worked this script independently, the second without seeing the first, and reached the same total of 21 and the same section splits. All ten MCQ answers were re-derived from her own textbook before comparing with our key; the key is correct on all ten.

On the MCQ reading. Her letters are small, in red, on a warped scan, and ج against د is genuinely hard. The first pass initially misread item (ii). It was settled by stripping the ruled lines out of the image, isolating the red ink, and calibrating against her own د in the word د written on page 1: her د is a small dotless hook, while her ج is a three-stroke glyph with the dot sitting inside the bowl. Items (ii) and (iii) carry no dot at all. The alignment was also confirmed by ink colour and by measuring the slope of the ruled lines, so there is no reading shift.

REVISION, GHAZWA-E-HUNAIN
59.1%

THE ONE SENTENCE THAT EXPLAINS THIS PAPER

Across six pages, three questions that ask for a حوالہ in the question text, and a key carrying five hadith and Quran references, she wrote zero references and zero ayat. Not one. Her last paper lost marks the same way and the instructions on this paper said so in Roman Urdu. If one thing is drilled before the next Islamiat paper, it is this.

SECTION A : Multiple Choice Questions (6 / 10)

#	Question (summary)	Correct	Seemab's	Result
(i)	Paradise lies beneath whose feet	(ب) ماہ	ب	1
(ii)	Who will be close like two fingers	(ج) two daughters	د	0
(iii)	For Fatima RA's respect he would	(د) stand up	د	1
(iv)	He advised kindness towards	(الف) women	الف	1
(v)	Who served him for ten years	(ب) Anas bin Malik	ب	1
(vi)	Muadh bin Jabal was sent to	(د) Yemen	ب	0
(vii)	In every matter of training he observed	(الف) تدریج	ج	0
(viii)	[Rev] Distance of Wadi-e-Hunain from Makkah	(ج) 40 km	الف (20 km)	0
(ix)	[Rev] Who called out to the people of Bay'at-e-Rizwan	(ب) Hazrat Abbas RA	ب	1
(x)	[Rev] Size of the army at Hunain	(ج) twelve thousand	ج	1

Three of these deserve saying out loud.

(ii) is **carelessness, not ignorance**. She answered د, but one page earlier, in Q.2(ii), she wrote about the reward for raising two daughters. She knew the content and picked the wrong letter. Worth noting that our options (ج) دو بیٹیوں کی اچھی تربیت کرنے والا (د) دوسروں کو معاف کرنے والا both open with the same two letters. That pair is ours and we should not set that shape again, though the two options say entirely different things, so the mark stands lost.

(vii) and (viii) look like a **transposition**. The key runs الف then ج; she wrote ج then الف. Both letters are unambiguous on her page. Marked as written, so both are lost, but it is worth asking her whether she answered those two out of order.

(viii) is a regression on an item set deliberately for her. This is the 40 km question our own exam-02 key got wrong while she got it right. It was re-set so she could bank it properly. She wrote 20 km. Her book, printed page 44, says چالیس (40) کلویٹر.

SECTION B : Short Questions (7 / 12)

Q.2 (i) Fatima az-Zahra RA's arrival 3.5 / 4

حضرت فاطمہ جب رسول اللہ کی خدمت میں حاضر ہوئیں تو آپ ان کا نہایت محبت اور احترام سے استقبال فرماتے
واقعہ: حضرت فاطمہ جب آپ کے پاس آئیں تو آپ ان کا ہاتھ پکڑ کر ان کی پیشانی کو بوسہ دیتے اور انہیں اپنی نشست پر بٹھاتے تھے

Her best answer on the paper. All four actions are there, standing up, taking her hand, kissing her forehead and seating her in his own place, and she adds the welcome. Only the حوالہ is missing, priced at half a mark. **Note a defect of ours:** the paper says a missing hawala costs half a mark, but the key made it a full mark on this question. She read the paper, not the key, so the paper's rule applies and she keeps that half mark. The two documents will be reconciled.

Q.2 (ii) The one who raises two daughters 2 / 4

حدیث کا مفہوم: جو شخص دو بیٹیوں کی پرورش کرے، ان کے ساتھ حسن سلوک کرے اور ان کی ذمہ داریاں پوری کرے، تو وہ بیٹیاں اس کے لیے جہنم سے بچاؤ کا ذریعہ بنیں گی

The opening line about the great virtue of raising daughters is right and earns credit. But the question asked **what he actually said**, and the book's answer is the Sahih Muslim hadith where he joined his two fingers and said "he and I will be this close on the Day of Judgement". She has given a different hadith from the same page, about daughters being a shield from the fire. **The two-finger gesture is the heart of the answer and it is absent**, and so is the reference.

Q.2 (iii) Steps for the respect of women 1.5 / 4

اسلام میں خواتین کو معاشرے میں عزت اور باوقار مقام دیا۔ عورت کو وراثت میں حق دیا۔ عورت کے مالی اور معاشرتی حقوق کو تسلیم کیا

This is the clearest case on the paper of answering a different question. She was asked what steps we should take in social life. She answered what Islam gave women: the right to respect, a share in inheritance, financial and social rights. Every word of it is true and none of it was asked. The book's five printed items, avoiding calling out at women, staring, mocking them, loitering outside their institutions and sitting in their pathways, are all absent, as is the closing sentence on why this matters, which carries a mark of its own. She earns credit for relevant knowledge of the topic and no more.

SECTION C : Long Questions (8 / 16)

Q.3 The Prophet's ﷺ method of training 3.5 / 8

غلطی کی اصلاح، انفرادی تعلیم، نرمی و حکمت، عملی نمونہ، محبت و شفقت: خلاصہ
اچھے اخلاق کی تعلیم۔ The structure is right and the headings are real.

Under every heading there is exactly one sentence, and not a single example, name, incident or reference anywhere. The question said in its own bracket کم از کم چھ الگ الگ طریقے، ہر ایک کی مثال اور حوالے کے ساتھ and instruction 5 repeated it in Roman Urdu with the reason. This is the same shape of answer that cost her marks last time.

Three of the book's eight methods are missing entirely: Hazrat Anas RA's ten years of service (Sahih Muslim 2309), جوامع الکلم or اختصار, and تدریج with Muadh bin Jabal being sent to Yemen (Sahih Bukhari 1395).

And here is the finding that matters most on this whole paper. Those three missing methods are exactly the three MCQs, (v), (vi) and (vii), that sit in the same stretch, and she got two of them wrong. This is not two separate problems. It is one gap in her preparation, the second half of the

اندازِ تربیت lesson, showing up twice on the same paper.

Q.4 [REVISION] Ghazwa-e-Hunain 4.5 / 8

جنگ کی تیاری، This is the best work on the paper and the effort is obvious. A page and a half, properly organised, with her own headings (مسلمانوں کی فتح، وادی حنین میں اچانک حملہ), twelve substantive statements, six numbered lessons and a written conclusion. Everything she states is factually correct and correctly sequenced. She even names مالک بن عوف as the Hawazin chief, which is not printed in her book at all.

What she has: 8 Hijri and after Fath-e-Makkah, Banu Hawazin and Banu Thaqif, the background, Malik bin Auf's preparations, the twelve thousand army, the new Muslims in it, the narrow valley and the ambush, the rain of arrows, the disorder and retreat, the Prophet ﷺ standing firm and regrouping the companions, the victory and Allah's help, and the Quran's lesson about not relying on numbers.

What the question priced separately and she did not write: the 40 km, the 19 days in Makkah, the month of Shawwal, the mule with Hazrat Abu Sufyan RA at the stirrup and Hazrat Abbas RA at the reins, the couplet اَنَا النَّبِيُّ لَا كَذِبْتُ with Bukhari 4315, the بیعتِ رضوان والو call, the handful of

dust, the angels, Abu Talha RA's thirty, the three hundred enemy dead, the four martyrs, every one of the **مال غنيمت** figures even though the question named **مال غنيمت** in its own bracket, the two-week wait, and Surah At-Tawbah verse 25. Three of eighteen present, two partial, thirteen absent.

IS THE THIN-ANSWER HABIT FIXED?

Question	Verdict	Evidence
Q.3	NOT FIXED	Six headings, one sentence under each, zero examples, zero names, zero references. The same shape as last time, line for line.
Q.4	HALF FIXED	Form genuinely improved: a page and a half, twelve statements, six lessons, a conclusion. Substance did not follow: four specifics out of the eighteen the question priced.
Blank MCQs	FIXED	All ten answered. Last paper she left one blank and never came back to it.
Hawala discipline	NOT FIXED	Zero references on six pages, on a paper where three questions ask for one in the question text.

WHAT TO DO BEFORE THE NEXT ISLAMIAT PAPER

1. Learn five references by heart, nothing more. **صحیح مسلم 2309, صحیح بخاری 1395, سنن نسائی 3106, صحیح مسلم 6695, شعب الایمان 8927**. On this paper alone that was worth about two marks, and it is pure memory work with no understanding required.
2. Read the question twice and underline the command word. Q.2(iii) asked what steps **we should take** and she wrote what **Islam gave**. She lost 2.5 marks there knowing the topic perfectly well.
3. Finish the second half of the **انداز تربیت** lesson. Anas RA's ten years, **جوامع الکلم**, and **تدریج** with Muadh RA. That one gap cost marks in four separate places on this paper.
4. In an 8-mark answer, write the number. She knew the army was twelve thousand and wrote it, and got the mark. The same habit applied to 40 km, the ghanimat figures and the ayah reference would have turned Q.4 from 4.5 into 7 or 8 without learning anything new.

DEFECTS IN OUR OWN PAPER AND KEY

Where	What is wrong, and what was done
Key, Q.2(i)	The key prices the missing hawala at a full mark while the paper's instruction 4 prices it at half. She read the paper. The half-mark rule was applied and the half mark went to her . To be reconciled.
Key, Q.3 marking note	"Eight points, 1 mark each. Six earn full marks" does not add up. Marked on distinct-point merit instead. The note needs rewriting before reuse.
Key, Q.2(iii)	Prices five items at 0.4 each, while every other scheme in this programme works in half marks. Normalise it.
Paper, MCQ (ii)	Options (ج) and (د) both open with the same two letters. Ours, avoidable, and she fell into it on an item she knew. Do not set that shape again.
