Best Scores

- Highest single: 65/65 (100%) — Math exam-01 and Bio exam-02 re-sit
- Best subject: Mathematics at 94.6%

Lowest / Needs Attention

- Lowest single: 52/65 (80.0%) — Bio exam-01-ch1-6
- Weakest subject: Biology at 90.3%

- MCQ record: 262/264 (99.2%) all-time
- Consecutive perfect MCQs: 9 exams (ongoing)
- Chemistry MCQ record: 72/72 — perfect across all 6 Chemistry exams

- Chemistry: two consecutive Ch1-9 papers both at 62.5/65 — same 2.5mk loss pattern each time

#### **Recurring Weakness (flagged across 7 consecutive exams)**

- "Stops before completing all required sub-parts" — accounts for the majority of marks lost in every recent paper across all subjects.
- Chemistry specific: Q2(x) thermochemical equations omitted in both exam-12 and exam-13 (same question pattern). Dalton's limitation omitted in exam-13 Q3(i).
- Biology: exam-07 and exam-08 both dipped below 90% — photosynthesis and enzyme kinetics need immediate review.
- Action: Before attempting each question, list every sub-part and tick off each one before moving on.
