Per-Exam Overview

WHAT HAPPENED

Her second Islamiat paper, and a big step up from exam-02 (30/46, 65.2%). She scored 32.5/38 (85.5%). The MCQ record is the headline: **9 of 10**, against 17 of 30 last time, and the one lost mark is a blank, not a wrong answer. All four questions written to re-test her exam-02 mistakes (Banu Khuza'ah, Hazrat Abbas at Hunain, hasad versus rashk, Hazrat Shifa) came back correct, except the Hunain one, which is the question she left blank.

Where marks went	Marks	Kind
MCQ 5	1	Left blank. Not a knowledge loss: she skipped it and never came back
Q.3 روزہ	2.5	No Surah Al-Baqarah 183, no sehri and iftar section, only two benefits, and the Ramadan worship point missing Lailat-ul-Qadr, Taraweeh and I'tikaf
Q.4 فتح مکہ	2	No Banu Khuza'ah by name and no three conditions, no 10 Ramadan or the three commanders, and the امان announcement not covered

Section B was perfect. Both Section C notes are well organised under her own Urdu headings, but thin: the marks there go on missing book detail (the ayah, dates, names, numbers), not on anything she got wrong.

POSITION IN THE SUBJECT

Islamiat now stands at 74.4% across 2 attempts (62.50 / 84). Lifetime Islamiat MCQ record 26/40 (65.0%), up from 17/30 after exam-02.
