Tarjuma-tul-Quran exam-02: 33/38 with Surah Taha's first test

Quran exam-02 came in at 33/38 (86.8%, A): MCQs 9/10, Section B 9/12, Section C 15/16. It was the first paper to include Surah Taha, and her long answer on Musa AS and Firaun took full marks. Both passes, the first and a blind re-mark, agreed on every part.

Three papers in three days, all in the book-exercise style she asked for on 17 September: Biology 36/38, Islamiat 32.5/38 and now Quran 33/38. The MCQ record across the three is 28 of 30.

Priorities for the next fortnight

1. **When the book prints a list, learn the list.** The three stages of Musa AS and the virtues of As-Sajdah are the two specific items to re-drill; a nearby, sensible answer scores less than the book's own wording.
2. **Name the virtue or the point.** "Its virtue is mentioned in ahadith" earns nothing; "he would not sleep until he recited As-Sajdah and Al-Mulk" earns the mark.
3. An 8-mark note needs 6 to 8 distinct points, and two headings that mean the same thing count once.
4. Sweep the MCQ list for blanks before submitting (Islamiat exam-03 lost a mark that way).
5. Carried forward: equation coefficients and full product names in Biology; Maths ordered pairs and log-law names; Chemistry state symbols and the catalyst table.

Marking method

Quran exam-02 was marked from the 6-page CamScanner scan, with the MCQ list and faint passages re-read at 300 DPI, then re-marked blind by a separate background agent that re-derived every MCQ answer from the textbook and reached the same 33/38, part by part. The v65 figures for the other five subjects are carried forward exactly as published. No other class-9 session was running.

Version history (most recent)
