Islamiat exam-04: 21/38, her lowest paper of the year, and the cause is narrow

Islamiat exam-04 (38 marks, Bab 3(﷞) at 27 marks with Ghazwa-e-Hunain as the 11 revision marks) came in at 21/38 (55.3%, D): MCQs 6/10, Section B 7/12, Section C 8/16. New material 14.5/27, revision 6.5/11. Two markers worked the script independently and reached the same total.

The cause is not comprehension.

Everything she wrote is correct; what is missing is specifics. Across six pages she wrote zero hadith references and zero ayat, on a paper where three questions ask for a reference in the question text. That alone was worth about two marks and is pure memory work.

Q.4 on Hunain is the paper's bright spot and shows the thin-answer habit is breaking on form: a page and a half, six numbered lessons, a conclusion, and a name (Malik bin Auf) that is not even in her book. But of the eighteen specifics the question priced, the 40 km, the ghanimat figures, the Bay'at-e-Rizwan call and Surah At-Tawbah 25 among them, she produced four. Q.3 shows the habit untouched: six correct headings with one sentence each and nothing beneath them.

The sharpest diagnosis is that the three methods absent from Q.3 are exactly the three MCQs in the same stretch, two of which she answered wrongly. The second half of the andaz-e-tarbiyat lesson was not learned, and it cost marks in four separate places. Q.2(iii) is a different failure worth naming: asked what steps we should take, she wrote what Islam gave women, losing 2.5 marks on a topic she knows well.

One item is a regression on ground we had deliberately prepared: MCQ (viii) re-set the 40 km Hunain distance, the item our own exam-02 key got wrong while she got it right. This time she answered 20 km.

PRIORITIES FOR THE NEXT FORTNIGHT

1. Learn five hadith references by heart and nothing else.

Shuab-ul-Iman 8927, Sahih Muslim 6695, Sunan Nasai 3106, Sahih Bukhari 1395, Sahih Muslim 2309. Zero references appeared on the whole of Islamiat exam-04. Pure memory, about two marks.

2. Read the command word and underline it.

Islamiat exam-04 Q.2(iii) asked what steps we should take; she wrote what Islam gave women and lost 2.5 marks knowing the topic.

3. Finish the second half of the andaz-e-tarbiyat lesson:

Anas RA's ten years, jawami ul kalim, and tadrij with Muadh RA. That one gap cost marks in four places on the same paper.

4. In an 8-mark answer, write the number.

She wrote the twelve thousand and earned it. The 40 km, the ghanimat figures and the ayah reference would have taken Q.4 from 4.5 to near full without learning anything new.

5. When a question names a table, open that table.

From Physics exam-17 Q.5(vi): right number, then a metal named from memory that is not in Table 7.1.

6. Arrangement is not movement.

Physics exam-17 Q.4(i).

7. Lymphatic vs immune system, Table 5.2, a confirmed recurring confusable pair from Biology exam-16 and exam-18.

8. Probability (Unit 11, section 11.3), left entirely blank on Maths exam-19.

9. Carried forward: NADPH's final H; points of concurrency in a right-angled triangle; bond-energy direction when a reaction is reversed; Islamiat exam-02's unapplied +1 correction on Q15.

VERSION HISTORY (MOST RECENT)		
Version	Date	Headline
v70	24 Sep 2026	Biology exam-18 added, 48/50 (96%, A), her best Biology score since exam-13; corrected in place same day after a blind second marking confirmed the score with two wording fixes; four of five re-tested weaknesses fixed
v71	25 Sep 2026	Physics exam-17 added, 36.5/38 (96.1%); Unit 7 Parts 7A and 7B were never taught in class and still scored 25.5/27; MCQs 10/10 and revision 11/11 both perfect; all six Aasan Notes quiz questions banked
v72	26 Sep 2026	Islamiat exam-04 added, 21/38 (55.3%, D), her lowest paper of the year; zero hadith references written across six pages; Q.4 Hunain shows the thin-answer habit breaking on form (six lessons, a conclusion, a name not in her book) but not on substance; the three methods missing from Q.3 are the same three MCQs she dropped

Full lineage v1 through v72 is retained in seemab-reports/; no prior version is ever overwritten or deleted. Islamiat exam-02 still carries the unapplied +1 correction on its Q15.
