FLAG FOR ATIF — likely missing scanned page (Gate B, Section B(a)(v))

Every other question in this paper carries a clear "Q.2(x)" or "Q.N(x)(OR)" label in her handwriting — including (i), (ii), (iii) and (iv) immediately before it. Part (v) has no label at all. Page 3 of the scan opens mid-sentence, already talking about Surah Al-Hajj and "helping those who strive in Allah's way," with no heading and almost no top margin, exactly the signature of a missing page rather than a skipped question (per the completeness rule: a mid-sequence gap must never be marked as a skip without checking first).

What **is** visible reads as a good, on-topic answer to Q.2(v) Main ("Whom does Allah help, per Surah Al-Hajj?") and has been **provisionally marked 2/2** below on that basis. Please confirm with Seemab whether a notebook page between what is now page 2 and page 3 of the scan was left out of the photo/scan set — if so, a re-scan of that one page would let this be marked as final rather than provisional. It does not currently change her total, but it should be confirmed before this score is treated as final.

SECTION A — Multiple Choice Questions (10 × 1 = 10 Marks) — SCORE: 10/10

#	Question (summary)	Correct	Seemab wrote	Result
1	Whose miraculous creation does Surah Maryam describe in detail?	A — Hazrat Isa (AS)	A	1
2	Who recited Surah Maryam before the Najashi?	B — Hazrat Jafar bin Abi Talib (RA)	B	1

3	Why is Surah Al-Anbiya so named?	C — tazkira of many prophets	C	1
4	Hadith's description of Surah Al-Anbiya	D — old and precious treasure	D	1
5	Number of ayat in Surah Al-Hajj	B — 78	B	1
6	Surah in which jihad was first permitted	A — Surah Al-Hajj	A	1
7	Meaning of "Naml"	D — ant (چیونٹی)	D	1
8	Surah An-Naml revealed right after which surah?	C — Surah Ash-Shu'ara	A, self-corrected to C	1
9	Summary (خلاصہ) of Surah Luqman	A — Tawheed, character-building, Hereafter	A	1
10	Other name of Surah As-Sajdah	B — Tanzil As-Sajdah	B	1

Q.8 note: her first mark was A, which she then struck through with a heavy scribble and wrote C cleanly beside it, uncrossed. The final, legible answer is C, which is correct. This is not treated as provisional — the correction itself is unambiguous on the scan (checked at 400dpi) — but it is worth naming as a positive: she caught and fixed her own mistake before moving on, the exact self-checking habit flagged as a growth area in her Physics and Maths papers this month.

Perfect score on Section A — a strong debut on a brand-new subject's very first MCQ set.

SECTION B(a) — Short Questions (5 × 2 = 10 Marks) — SCORE: 7/10

Q.2(i) Main — Hazrat Zakariya's (AS) dua, Surah Maryam

1/2

Seemab wrote (Urdu, paraphrased in her own words, opening line clear): "حضرت زکریا نے" *"سورة مریم میں اللہ تعالیٰ سے اولاد کے لیے دعا کی (Hazrat Zakariya asked Allah in Surah Maryam for a child), followed by a paraphrase of the dua asking Allah to grant a righteous heir. The closing portion of her paraphrase is in faint ballpoint and genuinely hard to make out beyond that general sense — it has not been guessed word for word.*

Credit: she identifies the correct dua and correctly conveys its general meaning (a plea for a righteous child) — the "translation" component of the mark.

Deduction (1 mark): the key asks for the Arabic ayat text itself ("فَهَبْ لِي مِنْ لَدُنْكَ وَلِيًّا") as well as the translation. No Arabic was written, so the 1 mark reserved for the Arabic quotation is not awarded.

Q.2(ii) OR — Blessings on Hazrat Sulaiman (AS), Surah An-Naml

1/2

Seemab wrote: "سورة النمل کے مطابق اللہ تعالیٰ نے حضرت سلیمان کو ایسی نعمتوں سے نوازا جن میں خاص طور پر: پرندوں کی زبان سمجھنے کا علم، جنات اور انسانوں پر اختیار، ہوا کو تابع کر دینا، جانداروں کی بات سمجھنے کی صلاحیت۔"

Credit (1 mark): the miracles she lists — understanding birds' speech, authority over jinn and men, command of the wind — are exactly the miracles the key wants.

Deduction (1 mark): she does not mention that Sulaiman (AS) was also given wealth, kingship and great splendour, and inherited knowledge and prophethood from his father Dawud (AS) — the other half of this key point.

Q.2(iii) Main — Why Surah Luqman is so named

2/2

Seemab wrote: "سورة لقمان کا نام حضرت لقمان کے نام پر رکھا گیا ہے کیونکہ اس سورت میں حضرت لقمان کے اپنے بیٹے کو دی گئی حکمت بھری نصیحتوں کا ذکر ہے۔"

Full marks. This is a complete, accurate match to the key: named after Hazrat Luqman (AS) because the surah narrates the wise advice he gave his son.

Q.2(iv) OR — Purpose of creating the heavens and earth, Surah Al-Anbiya

1/2

Seemab wrote: "اللہ تعالیٰ نے آسمانوں اور زمین کو حق اور حکمت کے ساتھ پیدا کیا ہے تاکہ لوگ اللہ کی قدرت کو سمجھ سکیں اور اس کی عبادت کریں۔"

Credit (1 mark): "created with truth and wisdom" correctly conveys that creation was purposeful, not random — the spirit of "not without purpose."

Deduction (1 mark): the key specifically wants two named ideas — that it was **not created for play**, and that this purposefulness **points to the truth of the Hereafter**. Neither "play" (لہو و لعب) nor the Hereafter is mentioned; her own reason given ("so people understand Allah's power and worship Him") is a reasonable idea but a different one from the key's.

Q.2(v) Main — Whom does Allah help, Surah Al-Hajj? (PROVISIONAL — see flag above)

2/2

provisional

Visible on the scan (opening words and header missing — likely unscanned page): "سورة الحج... الحج کے مطابق اللہ تعالیٰ ان کی مدد فرماتا ہے جو اللہ کی راہ میں (جہاد) کرتے ہیں"

What is visible matches the key well ("Allah helps those who help His religion / strive in His way") and has been provisionally credited in full. This mark is not final until Atif confirms whether a scan page is missing.

SECTION B(b) — Quranic Word Meanings (5 × 1 = 5 Marks) — SCORE: 5/5

Word	Key meaning	Seemab wrote	Result
عَبْدُ اللَّهِ	Servant of Allah	اللہ کا بندہ	1
أَيْنَ مَا	Wherever	جہاں بھی	1
يُمْسِكُ	He holds / restrains	روکنا / پکڑنا	1
مَنْسَكًا	A way / rite of worship	عبادت کا طریقہ	1
رَوَاسِيَ	Firm mountains	پہاڑ	1

Clean 5/5 — every word meaning correct.

SECTION B(c) — Comprehension (3 × 3 = 9 Marks) — SCORE: 7.5/9

(i) OR — Allah's message to every messenger before the Prophet (SAW)

3/3

Seemab wrote: "کہ اللہ تعالیٰ کے علاوہ کوئی معبود نہیں اور صرف اپنی ہی عبادت کا حکم دیا گیا ہے۔"

Full marks — captures the single message (Tawheed: no god but Allah, worship Him alone) exactly.

(ii) OR — Creation of the heavens and earth, Surah As-Sajdah

1.5/3

Seemab wrote: "اللہ تعالیٰ نے آسمانوں اور زمین کو جو کچھ ان کے درمیان ہے پیدا فرمایا۔ اور اس کے بعد عرش پر جلوہ فرما دیا۔"

Credit: she has "created the heavens and earth and what is between them" and "then settled upon the Throne" — both directionally correct.

Deduction: the specific figure "in six days" (چھ دنوں میں) is not stated anywhere in her answer, and "directs every affair from the heaven to the earth" (continuous management) is also missing — both are named, separately mark-worthy parts of this key point.

(iii) Main — What Allah has subjected for man, Surah Luqman

3/3

Seemab wrote: "اللہ تعالیٰ نے انسان کے لیے آسمانوں اور زمین کی تمام چیزوں کو مسخر (تابع) کر دیا ہے۔ اس آیت میں اللہ تعالیٰ کی دو قسم کی نعمتوں کا ذکر ہے: (۱) ظاہری نعمتیں (۲) باطنی (پوشیدہ) نعمتیں۔"

Full marks — subsection of everything in the heavens and earth, and both named kinds of favour (apparent/zahirah, hidden/batinah), exactly as the key wants.

SECTION C — Long Questions (2 × 8 = 16 Marks) — SCORE: 12.5/16

Q.3 Main — Hazrat Sulaiman (AS), Surah An-Naml

8/8 — FULL MARKS

Structured under her own four headings, each in blue ink:

حضرت سلیمان کا تعارف — introduces him as the son of Dawud (AS), given knowledge, wisdom and a great kingdom by Allah.

اللہ تعالیٰ کی عطا کردہ نعمتیں — knowledge of birds' speech, authority over jinn/men/birds, "these blessings were signs of Allah's grace and power."

حضرت سلیمان کی شکر گزاری — he thanked Allah for the favour, understanding it as Allah's grace rather than his own ability, and prayed: "اے میرے رب! مجھے توفیق دے کہ میں تیری" اس نعمت کا شکر ادا کروں جو تو نے مجھ پر اور میرے والدین پر فرمائی۔"

چیونٹیوں کی وادی کا واقعہ — the army of men, jinn and birds marching, one ant warning the others to enter their homes so Sulaiman's army does not crush them unknowingly.

حضرت سلیمان کا رد عمل — on the following page: hearing the ant, he smiled and thanked Allah, then made the dua above.

This is a complete, well-organised answer that hits every bullet in the key — inheritance of knowledge from Dawud (AS), the miracles (birds' speech, command of jinn/men), the disciplined army, the full valley-of-the-ants incident including the detail that he **smiled** at the ant's words (many students miss this exact detail), and his gratitude and dua. First perfect Section C answer of this new subject.

Under heading "قیامت کا دن": "سورة الحج میں قیامت کے دن کا زلزلہ ذکر ہے۔ اس دن زمین زور سے ہلائی جائے گی، لوگ بدحواس ہو جائیں گے اور قبروں سے اٹھا کر اپنے اعمال کا حساب دینے کے لیے اللہ تعالیٰ کے سامنے پیش کیے جائیں گے۔"

Under heading "کافروں کا انجام": "جو لوگ اللہ تعالیٰ کا انکار کرتے ہیں انہیں ان کے اعمال کی سزا دی جائے گی، وہ جہنم کے سخت عذاب میں مبتلا رہیں گے۔"

Under heading "نیک لوگوں کا انجام": "جو نیک ایمان لائے اور نیک اعمال کیے، اللہ تعالیٰ انہیں جنت میں داخل فرما دے گا، وہاں انہیں بے شمار نعمتیں حاصل ہوں گی۔"

Credit: the earthquake/tremor of the Hour, resurrection and accountability (roughly 1/2), the disbelievers' punishment in Hell (roughly 1.5/2), and the righteous entering Paradise (1/1) are all present and reasonably stated.

Deduction (2 marks): the key's second event — "some people dispute about Allah without knowledge, following every rebellious devil who leads them to the punishment of the Blaze" — is not mentioned anywhere in her answer. This is a full, separately mark-worthy event from the surah that she has left out entirely, not a partial miss.

Deduction (~1 mark, folded into the tremor section): the specific imagery the key wants for the tremor — nursing mothers forgetting their infants, pregnant women miscarrying, people appearing intoxicated though they are not — is generalised in her answer to "لوگ بدحواس ہو (جائیں گے)". The general idea of severity is there; the three named images are not.

Strengths

- Perfect Section A (10/10) — a very strong debut MCQ score for a brand-new subject, and she caught and corrected her own Q.8 mistake mid-paper.
- Perfect word meanings (5/5) — all five Quranic vocabulary items correct.
- Q.3 Section C (Hazrat Sulaiman, AS) is a complete, well-structured, headed answer that misses nothing in the key, including the easy-to-forget detail that he smiled at the ant's warning.
- Where she answers, her Urdu paraphrasing genuinely captures the meaning of the ayat rather than being a rote-memorised sentence — a good sign for a first attempt at a new paper format.

Areas to work on next time

- **Quoting the Arabic text, not just the translation.** Every short question that asks for a dua or ayat (like Q.2(i)) carries a separate mark for the Arabic itself. She only gave the Urdu meaning. Practising writing out the short duas in Arabic script alongside their translation would recover marks like this one directly.
- **Completeness on multi-part long answers.** Q.4 lost a full 2-mark event (the people who "dispute about Allah without knowledge") that Surah Al-Hajj covers separately from the earthquake and the two groups' fates. When a Section C question is asked "describe the events

of Qiyamah," it is worth listing every distinct event the surah names before writing, so none get skipped.

- **Pairing partial key points fully.** Twice (Q.2(ii) and Q.2(iv)) she captured one half of a two-part key point clearly but left the other half out entirely, rather than writing something weaker for both halves. Reading the question for how many distinct things it is asking for (here: two blessings, or two consequences) before answering would close this gap.

Comparison with prior attempts

This is Seemab's first-ever Tarjuma-tul-Quran attempt, so there is no prior attempt in this subject to compare against. At 84.0%, it sits comfortably inside the range of her other subjects' opening attempts (Physics opened at 97.7%, Chemistry at 98.5%, Biology at 80.0%, Maths at 100%) — a solid, above-average start, held back mainly by the two missed key-point halves and the one fully-missing event in Q.4, rather than by any misunderstanding of the surahs themselves.

Marking method: every Section A option and every Section B/C answer was read directly from the CamScanner PDF at 400dpi (crops up to 3x zoom where needed) against the answer key's HTML source (quran/exam-template/exam-01-v2-answers.html), not the Nastaliq-rendered PDF. One item (Q.2(v)) is provisional pending confirmation of a possibly-missing scanned page; see the flag box above. All other marks in this report are final.
